Connor comprises 178 apartments in a single tower of 12 storeys, designed by Smart Design Studio – the firm responsible for the interiors of One Central Park's West tower. Connor defines the Chippendale edge of Central Park, located on the corner of O'Connor Street and Central Park Avenue between beautiful Chippendale Green and Abercrombie Street. Taking inspiration from the neighbouring streets of Chippendale and the red brick which characterises the local architecture, Connor is clad in a warmly reflective rich copper colour. The façade is distinctively created from copper-coloured fins which vary dramatically from existing building and well-suited to its prime position on Chippendale Green. Connor is due for completion December 2016
